Thanks Kevin! Can you prepare an approval response? I haven't heard any concerns yet but I'll check in with Denis on Monday because today is his CDO. I don't think he'll have concerns about having 3/8/22 as a new deadline. We'll need to issue an approval on Monday since the deadline is Monday or do something different if there are concerns. TAR

Todd,  
This is what we did for the testing extension. However, that request came from a technical person.

Todd – Upon an extremely quick review, this looks fine to me. (Although later I want to consider delegations for this). It looks like a NI technical person (non-lawyer) requested the extension so I think it would be appropriate for an AEB

program person to send the response back. However, I'm happy to send this to NI's attorneys if that's what you prefer. Just let me know.

Thank you.

Marirose and Kevin,

I made a couple of small tweaks to the letter, then signed it. Please review and if you have any comments, I also included the Word document for your comments and I can resign if need be.

Please let me know whether or not you have comments.
